

# Accessibility Plan

## 2025-26

Approved by Premises, Finance and Personnel Committee Sept '25

Review Date Sept '26

The Equality Act 2010 replaces previous discrimination law and provides a single piece of legislation covering all the types of discrimination. Schools and Local Authorities are required to carry out accessibility planning for disabled pupils. The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

'Long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'.

The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils.
